WELCOME TO 2018 !

Hello Members,

Welcome to the first magazine of the year. I hope everyone had a safe and enjoyable time over the Christmas break.

With lots of new events on the horizon, new cars arriving from the States, and also some wild rides being built here, this year is shaping up to be an eventful year.

We have had a lot of new members join our club over the past few months. On behalf of the entire club, we welcome you aboard. I will look forward to meeting you and introducing you and your cars to our other members.

I would also like to invite everyone to send me any car related articles and events that you think may be of interest to other club members. Weather it's a car show, car build, new product, website or whatever, it all helps. Please send them to editor@567chevclub.com.au

We have only 5 cabins left for the Kiama weekend away at the end of April. It is a great weekend away with the focus on fun, food, and friends. There are plenty of beaches, fishing and other activities for the kids too. If you would like to come along for a great weekend please give John a call.

We would like to do a few more club runs throughout the year. Last year we cruised to the Gosford Motor Museum, the 3G Run, and Bargo Pie Shop. Suggestions are welcome for this years venues.

Club meetings are held on the second Tuesday of each month (February-December) at the Drag-Ens Hot Rod Club, 17 Childs Road, Chipping Norton, from 7pm. Come along and mingle with other enthusiasts, have a complimentary bite to eat from the BBQ, and a bevvy from the bar! I hope to see you there.

Happy Cruising

Ben Marks

Editor

FRESH METAL

Robert from the Netherlands , here on Holidays, has contacted John Fenato, myself and others about RHD 57 parts.

Robert owns a 1957 Chev , Australian delivered, 6 cylinder manual, 4 door 210 sedan. It went to South Africa, Nigeria, Germany ,where it got a right to left steering conversion. He bought the car and took it to the Netherlands. As he was born here, he intends to move back and bring the 57 with him, converted to RHD.The original RHD parts were discarded years ago.

Ken Taylor.

Joe Zammit is another member who has just landed his next ride - another '57, but this one has a few less doors than his last one! It is currently being engineered and Joe hopes to have it on the road soon. With a 400 small block, digital dash, a/c and heaps of other goodies, I hope to have a full feature on this car in the next few months.

January 20, 2018

The weather was great, and this sensational mountain venue offers something for everyone - Art deco buildings, rockabilly music, great cars and pin ups every 10 paces - the annual Lady Luck festival in Katoomba is always a great little show.

36th annual ★ ALL AMERICAN DAY ★ SUNDAY 21ST JANUARY 2018

Around 350 cars turned up for the 36th American Day at Castle Towers. Numbers were a little down with the forecast set for a 40+ degree day, and the chance of being turned away if there was over 500 cars as space was limited due to the redevelopment of the car park. We had a few club members enter their cars. Peter Bryen in his '58 got 1st place for Top Standard Paint - Peter won the same trophy in 1988, exactly 30 years ago with the same car. Charlie Pace and his amazing black '57 convertible walked away with 2nd place Custom Trim and 1st place for Top Street Machine. Great effort guys.

The ultimate horsepower party was on again early in January. With around 1500 entrants, the Summernats attracts over 100,000 spectators over the four days and brings in excess of 20 million dollars in economic benefit for the ACT economy. Check out all the action at www.summernats.com.au

HISTORIC AND CONDITIONAL (MODIFIED) REGISTRATION

HISTORIC AND CONDITIONAL (MODIFIED) REGISTRATION INCLUDING 60 DAY LOG BOOK

To be eligible for historic & conditional registration you must be a member of an RMS approved automotive car club such as ours. Membership of our club is \$50 per annum.

Historic and conditional registrations are both eligible for the 60 day log book trial. The trial allows you to drive your vehicle on 60 individual days at your own discretion. Club events and club sanction runs do not impact on the 60 day log book use.

Fees for concessional registration are set by the RMS & are currently \$51 for registration including green slip plus a once off payment of \$40 for new plates. Conditional registration also attracts an additional annual fee of \$25 to the ACMC.

Personalised plates need to be surrendered, transferred, or placed on hold; the latter attracts a holding fee & any other ongoing rental costs. It is hoped that the RMS may allow personalised plates with conditional registration sometime in the future.

Historic registration (H Plate) is essentially for vehicles 30 years or older that have not been modified, some consideration maybe allowed for manufacture/dealer approved accessories, Limited safety upgrades and unavailability of original parts. In our club registration requires an annual Pink Slip.

Conditional registration (D Plate) is also available for vehicles 30 years or older that have been modified. The RMS have issued a set of guidelines (VSI No.6) that address many examples of what modifications may or may not require certification by an RMS certified engineer. For example an engine capacity increase greater than 20% or a total wheel and tyre diameter increase by more than 7% would require certification. Modified vehicles that do not need certification must have a once off Blue Slip, than an annual Pink Slip. Vehicles requiring certification require an engineer's report confirming the current modifications plus a Blue Slip, than an annual Pink Slip.

Please refer to the overleaf flow chart for further guidance and feel free to contact one of our three Plate Registrars for more information.

Kind Regards,

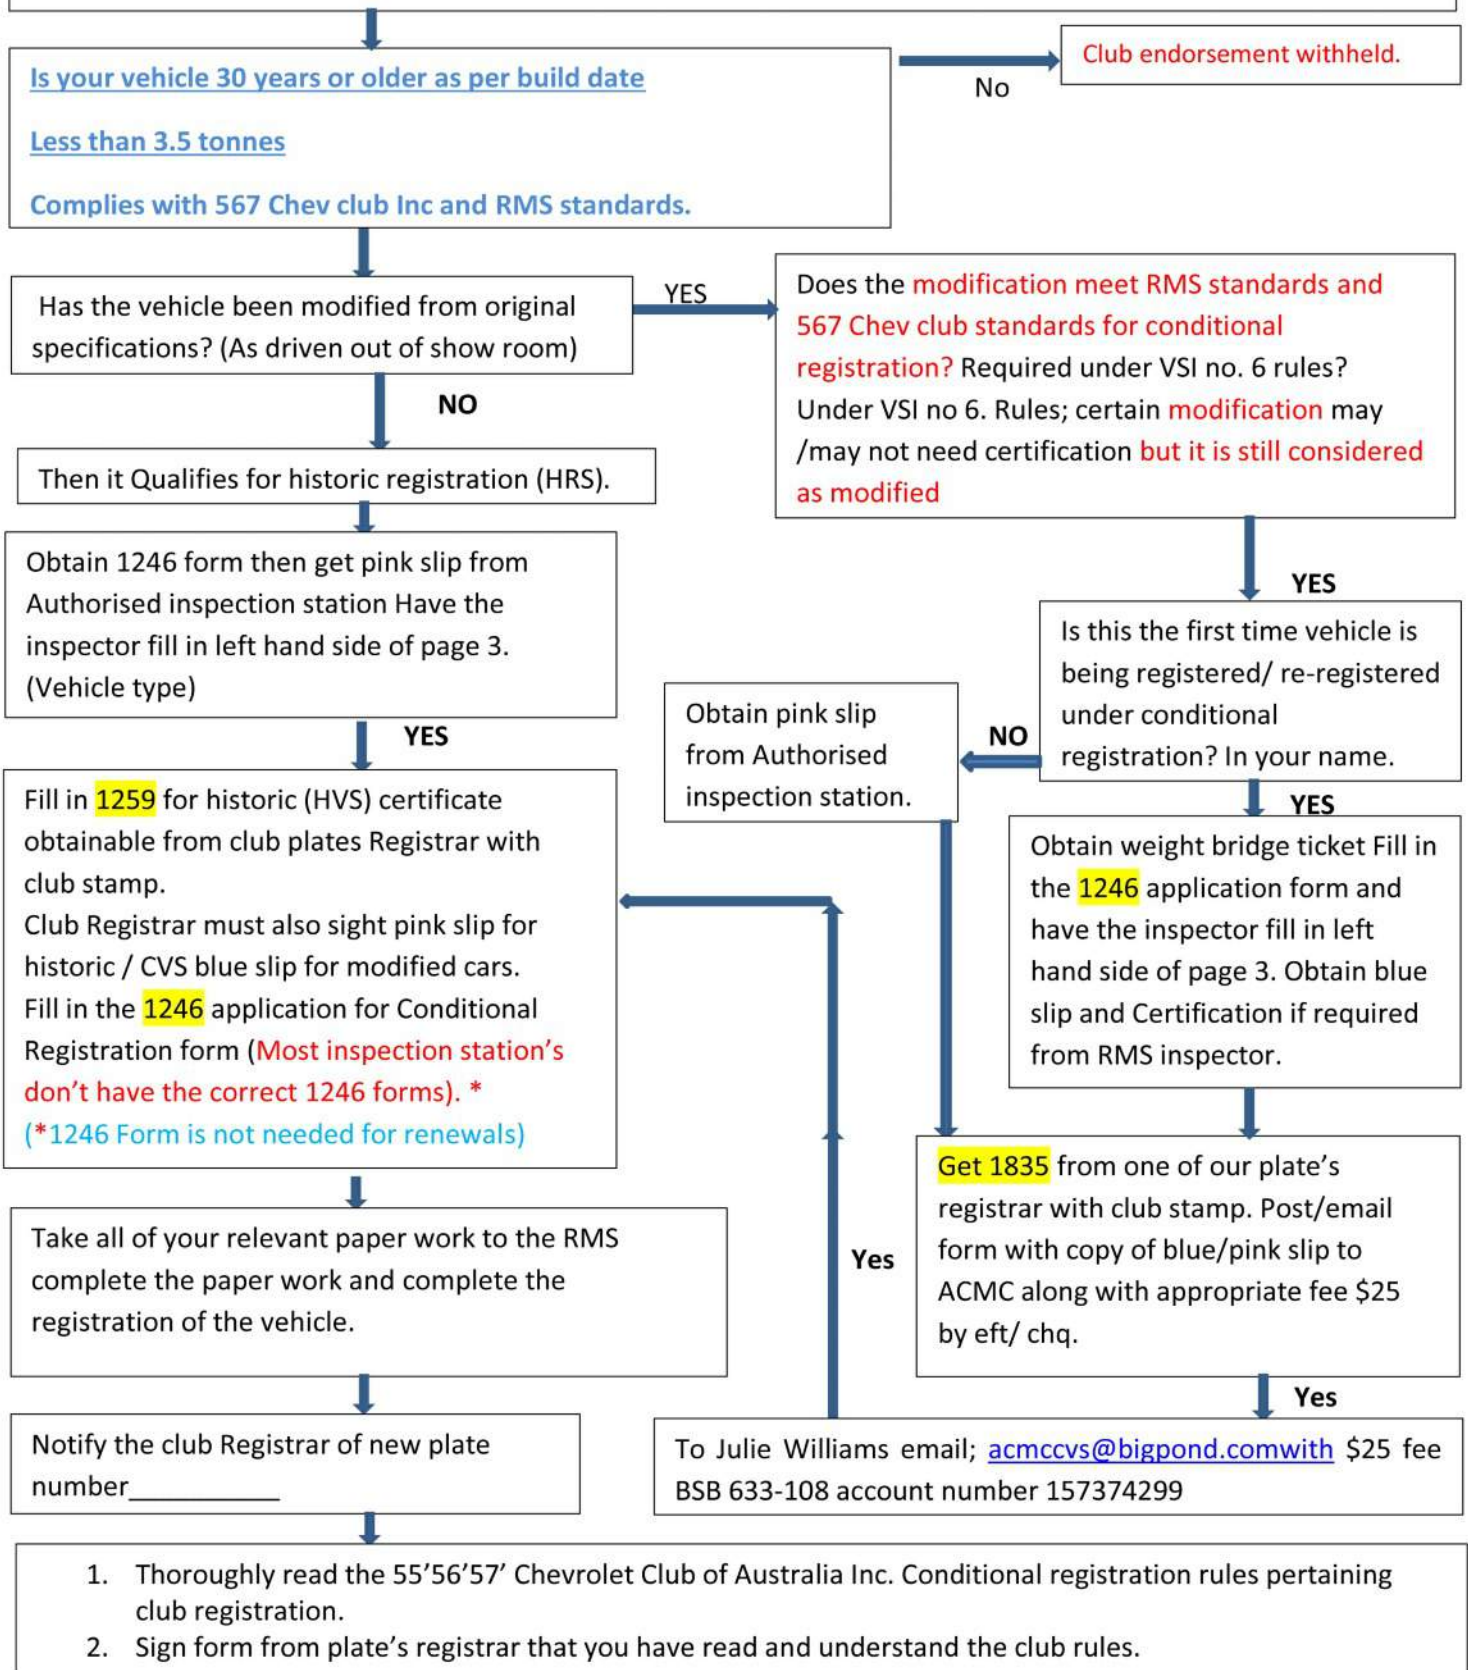

Gary Wright.

The 55'56'57' Chevrolet Club Of Australia Inc. Process for conditional registration schemes

Regardless of whether you are renewing or applying for the first time for Historic or Classic vehicle registration before you precede you must be a financial member of the Club, live in N.S.W. and hold current NSW drivers licence, the vehicle must be garaged in NSW

Thoroughly read all of the Roads and maritime services (RMS) rules pertaining to the conditional scheme to determine if your vehicle complies with their requirements that suit your vehicle check [RMS web site](#)
There are two conditional registration schemes that apply to our cars One is Historic vehicle scheme (HVS) Or two Classic vehicle scheme (CVS) vehicles must be 30 years old as per build date,

Rev up some fun with this Redline Racer, or Road Rage novelty toy. Turn the key and this 'bug eyed, wild hair dude starts twitching and doing an impression of an idling racecar. Grab the shifter, slam thru the gears, and try to hang on while his shaking gets worse and his voice bangs off this imaginary rev limiter. Then throw him into reverse for a tyre-squeeling stop!
